The lighted candle remains upright as your neighbor dips their unlighted candle as we symbolically pass the Light of Christ.

About Your Candle.....

Your candle is made of beeswax, considered the purest of all animal and vegetable waxes which represents the purity of Jesus Christ.

The candle, giving its life as it burns, reminds us of the sacrifice of the sinless Christ for a sinful humanity.

The flame of the candle reminds us of the light of the love that Christ brought into a darkened world; the red ruff the blood of Christ.

Please take your candle home and put it in a place to remind you of the love the Lord Jesus Christ has for you.
